

# Fusion™

## Vandalex® Material Seating

Fusion seat and bench are constructed from strong and durable Vandalex slats with either a stylish Black or Silver finish or a realistic timber-effect finish. The timber-effect model is ideal for parks and open spaces, whilst the Black and Silver finishes will complement a wide variety of modern locations.

Fusion Seat with Black finish

### FUSION Options

#### Seat & Bench End Colour

STANDARD COLOUR  
Black

#### Slat Colour Options

LIGHT WOOD

DARK WOOD

BLACK

SILVER

#### Materials

Seat/Bench Slat:  
100% Recycled Vandalex®\* material.

Seat/Bench Frame:  
Steel with Armortec®\*\* coating.

#### Fixing Options

We strongly recommend ground fixing for safety and security. Fusion Seats & Benches are supplied as standard with surface fixing bolts for securing to a flat, level concrete base.

Optional kits are available for fixing to paving slabs or to suit below ground concrete foundations. Tamper-resistant cover caps are also available for added security.

\* Vandalex® material is an aluminium alloy engineered to produce a high modulus of elasticity, which offers increased impact absorption properties. Its hard anodised finish will not rust, is easy to clean and never needs painting.

\*\* Armortec® corrosion resistant coating is specially formulated to extend the life of Glasdon metal products and components used externally.
