(Photograph shows Bin with EnviroPol® Picnic Table and Phoenix Seat)
For details on EnviroPol® Picnic Table and Phoenix Seat, please contact
Glasdon Manufacturing on 01253 891131.

*Utilising up to 40kg of
recycled material per bin.*

*25 EnviroPol® 100 bins
recycle 1 tonne of material.*

*All Components are
100% Recyclable.*

STRONG, VANDAL-RESISTANT DESIGN

STRONG DOOR HINGE

Manufactured from stainless steel, of which 85% is recycled, the strong door hinge adds to the vandal-resistance of the bin. The operator friendly hinged door allows quick liner removal for easy emptying.

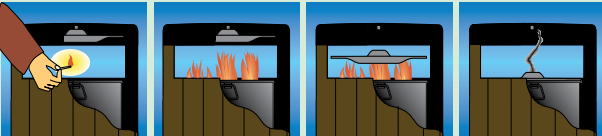

SECURE ANTI-BURST, SLAM-LOCK

The lock operates both clockwise and anti-clockwise and includes an anti-burst, slam-lock mechanism for added security.

OPTIONAL EXTRAS

FIREXPIRE®

Stage 1

A burning match is carelessly discarded into a litter bin.

Stage 2

The fire takes hold.

Stage 3

In under a minute, the fire extinguishing plate drops onto the liner.

Stage 4

The fire is contained.

Available as an optional extra, Firexpire® safety device is an insurance against fire risk, designed to protect against accidental unextinguished cigarettes/matches. Please telephone **01253 600410** for more information.

(Firexpire® is an effective low cost auxiliary device and must never replace primary fire prevention measures. Obstructions preventing the plate from dropping may adversely affect the function of the unit and as many Firexpire devices are used in unsupervised locations, regular inspection and immediate replacement of any damaged or distorted components is essential. Firexpire can not be fitted if aperture flaps are required.)

PERSONALISATION

Personalised polycarbonate plaques can be supplied as an optional extra. Please phone **01253 600410** for details.

STUBBER PLATE

Available as an optional extra in Stainless Steel, comprising 85% recycled content.

APERTURE FLAPS

Available as an optional extra in Black Durapol®, 100% recycled material. (Can not be fitted if Firexpire® option is specified.)

SPECIFICATIONS

MATERIALS

• Durapol® Hood and Plinth (in Black Recycled material)

100% post industrial recycled material, 100% recyclable. Durapol® is a polymer formulated to withstand extremes of temperature and is impact-tested in our Quality Assurance Laboratory as part of our BS EN ISO 9001:2000 test procedure. Durapol® will not chip or rust, is easy to clean and never needs painting.

• Enviropol® Slats

100% post industrial and post consumer recycled material, 100% recyclable. Enviropol® will not chip, rust or rot, is easy to clean and never needs painting.

• Stainless Steel Frame

Frame is made from Stainless Steel comprising 85% recycled content. Frame is 100% recyclable.

• Choice of Liner

Zinc Coated Steel Liner

Liner is made from Zinc Coated Steel comprising 15% recycled content. Liner is 100% recyclable.

Rigid Plastic Liner

100% post industrial recycled material, 100% recyclable.

Sack Retention System

Sack Retention Frame is made from Stainless Steel comprising 85% recycled content. Frame is 100% recyclable.

DIMENSIONS

Height	1080mm
Depth	500mm
Width	540mm
Weight	44kg (without liner)
Liner Capacity	100 litres
Colours:	BLACK Durapol® Hood and Plinth
.....	BLACK or BROWN Enviropol® Slats

FIXING OPTIONS

Available with a choice of fixing options suitable for any environment.

- Bolt down onto pre-prepared concrete foundation or existing foundation.
- Bolt down onto suitably laid concrete paved area.
- Glasdon Ground-Lock™ System with a unique 'remove and resite' locking feature (for soft or unsurfaced ground).
- Flush ground fixing. For use where bins may be removed and later resited.
- External concrete ballast.
- Internal ballast.

NOTE: For especially soft ground/high vandalism areas, a ground lock paving slab reinforcing kit is recommended.
