

THE

EVERWOODTM RANGE

- Unique, realistic timber grain material.
- A co-ordinated range of street furniture.

www.glasdon.com

EVERWOOD™ MATERIAL

Everwood is a specially formulated blend of Durapol® material, which emphasises the grain-like appearance of timber. Unlike timber it requires no regular surface treatments such as staining or painting and the material will be unaffected by brine, bacteria, rot, mould and insects. Everwood is easy to clean, requires low maintenance and can be recycled at the end of its life.

Like Durapol, it has been formulated to withstand extremes of temperature and is impact-tested in our Quality Assurance Laboratory as part of our BS EN ISO 9001:2008 test procedure.

SHERWOOD™ LITTER BIN

Scan to see how Sherwood litter bins have proved to be the perfect choice for Highgate Wood in North London. Alternatively, view the 'News' section on our website www.glasdonlitterbins.com

Hooded Top Sherwood Litter Bin in Dark Oak.

Open Top Sherwood Litter Bin in Dark Oak.

Hooded Top Sherwood Litter Bin in Light Oak.

Sherwood is manufactured from Everwood material, a unique, realistic timber grain polymer. Sherwood is a robust litter bin that requires minimal maintenance. It is available with an open top or a hooded top in Light Oak or Dark Oak.

Design Features

- Unique realistic timber grain material.
- Available with an open top or a hooded top.
- Hooded top model features a keyed twist-lock system.
- Choice of sack retention system or mild steel liner.

Optional Extras

- Bin-it™ stainless steel plaque.
- Stubber plate for open top model.
- Stubber plate for hooded top model.
- Twist lock liner for added security (open top model only).
- Firexpire® fire extinguishing devices.
- Aperture flap with Armortec® coating
- Personalisation.

Fixing Options

- Paving Fixing Kit.
- Concrete Foundation Fixing Bolts.
- Concrete-in Anchor (Adjustable Depth).
- Ground Lock.
- External Ballast.

Specifications

Sack retention system capacity:	75 litres
Liner capacity (steel):	65 litres
Height (open top model):	720mm
Height (hooded model):	960mm
Diameter:	550mm

Colours

Light Oak, Dark Oak.

Elwood Seat with Dark Oak Ends and Brown Enviropol Slats.

Elwood combines traditional timber effect seat ends with hardwearing seat slats. This combination creates a strong seat with a unique, realistic timber grain finish that requires minimal maintenance. Elwood seat is vandal and weather resistant, it will not rot, warp or crack and does not need regular surface treatments.

Design Features

- Seat ends manufactured from Everwood material.
- Seat slats manufactured in a choice of 100% recycled Enviropol[®] material or Timberpol[®] material.
- Frame manufactured in mild steel with Armortec corrosion-resistant coating.
- Choice of fixing options.

Optional Extras

- Personalisation – laser etched stainless steel plaque.

Specifications

Length:	1985mm
Overall depth:	675mm
Seat depth:	440mm
Seat height:	470mm
Overall height:	915mm
Total seat weight including:	
Enviropol slats:	75kg
Timberpol slats:	85kg
Supplied:	Fully assembled for immediate use.

Colours

Seat Slat Colour Options: Black Enviropol, Brown Enviropol, Timberpol.
Seat End Colour Options: Black Oak, Dark Oak, Light Oak.

Light Oak Ends

ENVIROPOL[®] MATERIAL

The density, strength and weather-resistance of Enviropol will ensure a long, virtually maintenance-free service life. Enviropol is self-coloured and needs no painting or surface treatment. Enviropol material is resistant to chemical attack and impervious to water, frost and most corrosive substances. Enviropol material is unaffected by brine, animal waste, bacteria, fungi and insects.

Enviropol is knot and splinter-free, which is ideal for seating. Enviropol is also 100% recyclable when it reaches the end of its long service life.

Black Enviropol

Brown Enviropol

TIMBERPOL[®] MATERIAL

Timberpol material is a durable and strong composite material containing a minimum 70% recycled hardwood sawdust and recycled polypropylene. It is self-coloured and virtually maintenance-free. As with all products containing timber, a certain amount of natural colour fading will initially occur. This does not affect the performance of Timberpol material and no painting or varnishing is required. The added advantage of Timberpol is that while it looks like wood, it does not splinter and is knot-free, making it ideal for seating.

Timberpol

*Armortec[®] corrosion resistant coating is specially formulated to extend the life of Glasdon metal products and components used externally.

*Durapol[®] material is a polymer formulated to withstand extremes of temperature and is impact-tested in our Quality Assurance Laboratory as part of our BS EN ISO 9001:2008 test procedure. Durapol will not chip or rust, is easy to clean and never needs painting.

GLENWOODTM POST

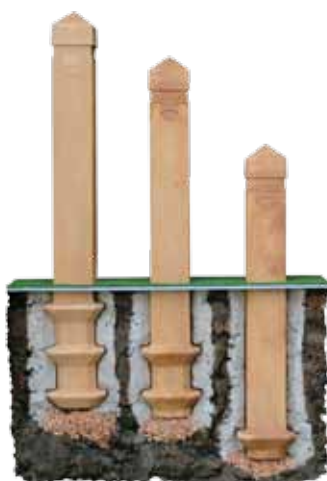

Scan to see a successful installation of Glenwood Post. Alternatively, view the 'News' section on our website www.safety4highways.com

1000mm Glenwood Posts in Light Oak.

500mm Glenwood Posts in Dark Oak.

Glenwood can be cut down easily to the desired height.

Glenwood is manufactured from Everwood material, making it a strong post, which requires minimal maintenance. Wooden posts are popular but have a number of drawbacks: without regular treatment wood will split and rot, they are heavy to lift and are very expensive to install and replace. The Glenwood enables you to replace damaged wooden bollards with a complementary, low maintenance solution.

Design Features

- Unique, realistic timber grain material.
- Lightweight and easy to install.
- Versatile height options.
- Co-ordinates with Sherwood litter bin and Elwood seat.

Optional Extras

- 37mm recessed reflector in Red, Red/White or White.
- Anchor pin.
- Chain linking.
- 100mm vandal resistant signfaces.

Ref 956

Ref 957

Ref 957 Reversed

Fixing Options

- Below-Ground Extended Base.
- Glenwood can easily be sited into soft earth or concrete foundations.

Specifications

Height above ground: 1000mm, 830mm or 500mm
Depth below ground: 400mm or 650mm

Colours

Light Oak, Dark Oak, White.

HOW TO ORDER

www.glasdon.com

Visit our website to see our full range, which for your convenience can be ordered online

Telephone:
01253 600415

Fax:
01253 792558

E-Mail:
wa@glasdon-uk.co.uk

FREE DELIVERY* IN MAINLAND UK & NORTHERN IRELAND

Our national distribution network ensures prompt delivery in mainland UK and Northern Ireland. All our prices are carriage-free* on the mainland and Northern Ireland, only VAT will be added.

*Does not apply to Buildings and Shelters.

MINIMUM ORDER CHARGE

To help offset the cost of packing, administration and delivery, there is a small charge of £5 on orders below the value of £50.
