TESTED TO HURRICANE FORCE

ADVOCATE™

POSTER DISPLAY SIGN

Ideal for...

• Shopping Centres

• Leisure Environments

• Petrol Forecourts

...and more

• **Wall mounted model** - a permanently fixed unit to create a co-ordinated range.

- **Large display area** - spacious 30(w) x 40(h) inch (762mm x 1016mm) poster maximises visual impact. Posters can be easily changed, providing a cost-effective way of advertising your products or promoting your company.
- **Robust construction** - manufactured from tough, corrosion resistant Durapol® material, offering exceptional strength and a long service life.
- **Security** - magnets offer a strong all round fixing, securing the poster in position. The magnets and gasket act as an effective seal helping minimise water ingress.

• **Ballasted base** - MUST be filled with water or sand for maximum performance. (See back page for MIRA Testing)

• **Large curved base** - strong, robust and impact resistant.

• **Unique fixing method** - nylon fixing pegs secure the body of the unit to the base. (Patent pending)

• **Two piece design** - simple self assembly for ease of transportation and storage before use.

Display your advertising posters in style with this extremely robust, low maintenance, easy to use unit.

• Easy to use press-studs located on the top of the body holds the clear polycarbonate protector open to access the poster with two hands. This makes changing posters in bad weather quick and easy.

• Stainless Steel poster clips hold the poster in place before closing the clear polycarbonate protector.

• Clear polycarbonate protector offers protection to the poster from weather and graffiti and helps secure poster in position.

• A clean and tidy display is created with the use of magnetic strips to secure posters in position.

• Strong and robust rubber wheels allows the unit to be manoeuvred when ballasted.

• Recessed personalisation areas to promote your company.

• Two fixing points allow the unit to be fixed to a wall/post for maximum security.

• Fluorescent sticker area to improve visibility of the unit in darkness.

Single Sided Model
 Double Sided Model
 Wall Mounted Model

Personalisation

We can supply you with a 30(w) x 40(h) inch (762 x 1016mm) poster or if you prefer you can use your own. Posters can be easily changed, providing a cost-effective way of advertising your products or promoting your company.

Printable Area

Please allow a 20mm space on all four edges of the poster to ensure the printed border on the clear polycarbonate protector does not cover information.

*Durapol® material is a polymer formulated to withstand extremes of temperature and is impact-tested in our Quality Assurance Laboratory as part of our BS EN ISO 9001:2008 test procedure. Durapol will not chip or rust, is easy to clean and never needs painting.

How to order

Freephone:
