# Luna™ Litter Bin

The new contemporary styled, open-topped litter bin with narrow footprint to complement all locations.

## Elliptical Open-Top

Luna incorporates a large open top design, which makes it ideal for the quick and easy depositing of litter, holding a 60 litre capacity.

## Unique Sack Retention System

This new purpose designed sack retention system neatly holds the sack in position within the bin, creating an aesthetically pleasing unit.

## Environmentally Friendly

All standard colours are recyclable after the bin's usable life. The Black Luna litter bin is produced using 100% recycled material. Other colour options are also available subject to a minimum order quantity.

## Durable Construction

Luna is manufactured in Durapol® vandal resistant, self coloured material. Durapol is weather resistant and will not chip or corrode with no need for painting.

## Anti-Vacuum Features

Allows for the easy removal of the sack.

## Stickers and Personalisation

The two central areas either on the front or the rear of the bin can display 'Bin-It' stickers or personalisation. See back page of this leaflet for more details.

## Tapered Design with Stack Rests

The fluted design with stack rest features enables the unit to be easily stacked during transport and storage when required.

## Anti-Fly Poster and Anti-Graffiti Features

The integrally moulded bosses, side recesses and textured finish increase vandal resistance. These anti-fly poster details can help to discourage posters being adhered to the bin's surface.

## Surface Mounting

Ideal for paved areas and existing concrete foundations, creating a safe and secure installation.

## Narrow Footprint

The elliptical shape gives the Luna litter bin a narrow footprint, allowing installation in areas where space is limited, without obstructing pedestrian flow.

*LUNA WITH OPEN TOP – Can be sited in town centres and pedestrianised areas.*

*LUNA IN SANDSTONE COLOUR – Ideal for promenade and sea front locations.*

*LUNA WITH HOOD – Stylish design complements any contemporary location.*

*LUNA IN BLACK – Perfect for leisure and recreational environments.*

*LUNA BIN – Co-ordinates with the Glasdon Evolution™ litter bin.*

## Optional Extras

### Curved Hood

The curved hood design helps protect the contents from the elements, whilst also creating the two smaller apertures. Includes a stainless steel cable and triangular DIN lock for added security.

### Cigarette Stubber Plate

Textured anodised aluminium cigarette stubber plates available for use with the Luna hooded model. Incorporating a clear cigarette graphic and attractive gun metal colour.

### Tapered Steel Liner

The purpose designed galvanised mild steel liner can be stacked during transport or storage and includes twin handles for easy emptying.

# Easy To Empty

1. Lift the two sack retention bands to release the sack.

2. Reposition the sack retention bands, then remove the sack from the bin.

3. Replace with a new sack, positioning the edges around the sack retention bands.

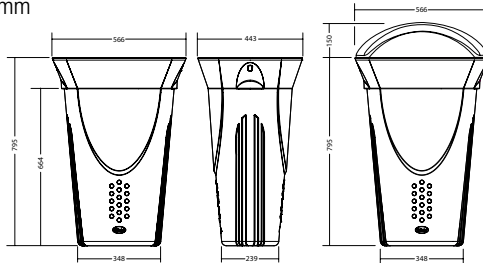

4. Securely clip the sack retention bands back into place within the bin.

# Specifications

## Dimensions

Height (Open model): 795mm  
 Height (Hooded model): 945mm  
 Width: 566mm  
 Depth: 443mm  
 Capacity: 60 litres  
 Weight (Open model): 5kg  
 Weight (Hooded model): 7kg

## Materials

Bin Body: Durapol\*  
 Hood: Durapol  
 Sack holder: Durapol  
 Liner: Zinc coated steel

\* Durapol material is a polymer formulated to withstand extremes of temperature and is impact-tested in our Quality Assurance Laboratory as part of our BS EN ISO 9001:2000 test procedure.

## Fixing Options

Ground Fixing Bolts

(Due to the narrow footprint of the bin we would strongly recommend that the bin is always sited using ground fixing bolts.)

## Colours

\*(100% recycled material)

Alternative colours are available subject to a minimum order quantity.

Bin-it symbols are available in Gold, Silver, Black or White.

# Personalisation

Luna litter bin has two smooth areas which can be personalised with your organisation's name, logo or message. These are positioned on the front and rear of the unit. The area for personalisation is approximately A5 size in either portrait or landscape orientation. Personalisation is also available to fit the recessed area of the bin on request.

**To see how attractive your organisation's name/logo would look on Luna litter bin, we can provide you with a computer illustration totally free of charge. Please contact us today to discuss your requirements.**
