# RECYCLE YOUR COFFEE GROUNDS

McDonald's UK employees volunteering as Planet Champions help find ways to reduce their restaurants environmental footprint. Some stores are now recycling their coffee grounds, which can be used by local communities for compost, resulting in less being sent to landfill. Nexus Shuttle is perfect for collecting and storing used coffee grounds. Graphics are available to make the recycling message easily identifiable.

## Enevo® Ready Bins

Enevo READY

An optional extra on numerous Glasdon bins, Enevo® is an ultrasonic monitoring device which provides real-time fill-level information. This optimises waste collection schedules, cuts costs and reduces CO2 emissions. The software also detects fire or vandalism to the bins.

Please contact our sales office or visit our website for further information.
