OUTDOOR LITTER BINS

We recognise that waste management requirements may completely differ from one organisation or setting to another. That's why we supply a variety of different litter bins that will suit all styles, budgets and requirements. All of our litter bins are easy to clean and never need painting, giving you an attractive and highly functional waste container for many years.

PERSONALISED FOR PROGRESS

Adding a Personal Touch to Recycling

Many schools and educational institutions have adopted sustainability as a fundamental value. Implementing recycling programs in schools enables them to align with broader sustainability goals and demonstrate a commitment to environmentally responsible practices. These credentials will reflect well on the school's reputation, potentially attracting more families to enrol their children.

A key factor in motivating young students to recycle is to make the process more vibrant, interactive, easy, and enjoyable.

Alongside our School Recycling Bins and Novelty Bins, which have received widespread recognition for their effectiveness in schools across the globe, Glasdon offers the flexible and rewarding choice of Product Personalisation.

For more information on our range of sustainable products that can help you create a more eco-friendly school, please contact us or speak to one of our friendly advisors via LiveChat.

INDOOR RECYCLING BINS

Boost recycling rates with Glasdon internal recycling bins. With a variety of attractive styles and manufactured with high quality materials, we can help you create an effective recycling programme for your environment. Apertures and graphics are available for various waste streams, allowing you to manage recycling waste more effectively.

OUTDOOR RECYCLING BINS

We produce an extensive range of outdoor recycling bins of the highest quality in both traditional and contemporary designs. All of our recycling containers are designed to be hard-wearing and long-lasting and feature easily identifiable graphics to make recycling easy.

NEW Glasdon Jubilee Duo™ 220 Recycling Bin

Nexus® City 140 Recycling Bin

Electra™ Curve 85 Recycling Bin

Orbis™ Sack Holder

Nexus® Evolution City Duo Recycling Bin

Nexus® Evolution City Recycling Bins

Nexus Evolution City is a versatile solution for outdoor recycling in public environments.

Entirely customisable from aperture colour to waste stream, graphics are easily applied onto either of the large sides for added personalisation. A narrow footprint ensures minimal floor space is required, whilst the symmetrical design allows the product to be approached from all sides in open spaces.

FOOD WASTE RECYCLING BINS

Our food waste recycling bins are ideal for kitchens, canteens, food courts and any other areas where food is prepared or consumed. The easy to use foot pedals and large apertures make food waste disposal effortless and hygienic.

Glasdon Pledge to Reach

Net Zero

By 2035

Find out more...

As a Company with a commitment to continuously improving our environmental performance, we are pleased to announce that in 2021 we pledged to reach Net Zero by 2035 (with Scope 1 and 2* to be achieved by 2025).

*The Green House Gas Protocol Corporate Standard classifies a company's GHG emissions into three 'scopes'. Scope 1 emissions are direct emissions from owned or controlled sources. Scope 2 emissions are indirect emissions from the generation of purchased energy.
