

Focus on Litter Control at

BUCHANAN GALLERIES

PROBLEM IDENTIFIED

Buchanan Galleries opened in Glasgow in March 1999.

The £240 million shopping complex contains 80 shops and a 2,000 space car park. It is now one of the Top UK Shopping Centres and has over 500,000 visitors a week.

Mr John McColl, Operations Manager of Buchanan Galleries, recognised that litter can be a problem in busy public areas, therefore he looked for a prestigious litter bin which would be easily identifiable to the general public, and also complement the surrounding architecture.

SOLUTION

After contacting Glasdon for advice, John McColl selected the Deluxe Presidential Range of internal litter containers as it best suited Buchanan Galleries' requirements within the Shopping Centre.

The Deluxe President litter bins in Granite stone effect finish, complete with 2 piece smoked chrome finish ashtray tops were purchased for use at entrance areas. The dome topped version was chosen for use throughout the malls.

Victoriana-style Topsy Jubilee Litter Bins in black were selected for the car park for their large 110 litre capacity, minimal maintenance and visual appeal. The style co-ordinates well with the surrounding environment.

Deluxe President in Granite with ashtray top used at the entrances.

RESULTING BENEFITS

“What the customer says...”

The Deluxe President Bins look good and co-ordinate with the Granite finishing touches in the Malls.

The Bins are very robust and still look new after 7 months' use.

The Bins are very easy to maintain and keep clean.

The Firexpire™ safety device gives us peace of mind as there is always the chance that a visitor will smoke in the centre.

We are happy to say that Buchanan Galleries does not have a litter problem which is down to our cleaners and the provision of Glasdon Litter Bins. We were able to identify from Glasdon's extensive range a quality litter bin which met our high specification requirements and co-ordinated well with our surroundings.”

Mr John McColl, Operations Manager, Buchanan Galleries.

We are grateful to Buchanan Galleries for the kind help given in the production of this leaflet.
